Be Warned

In time Kidney diseases may be prevented by early removing, and invigorating the body with Ayer's Sarsaparilla. Through debility the action of the kidneys is perverted, these organs rob the blood of its needed constituent, albumen, which is passed off in the urine, while waste matter, which they should carry off from the blood, is allowed to remain. By the use of Ayer's Sarsaparilla, the kidneys are restored to proper action, andAlbuminuria, or

Bright's Disease

is prevented. Ayer's Sarsaparilla also prevents inflammation of the kidneys, and other disorders of these organs. Mrs. Jas. W. Weld, Forest Hill st., Jamaica Plain, Mass., writes: "I have had a complication of disease, but my greatest trouble has been with my kidneys. Four bottles of Ayer's Sarsaparilla made me feel like a new person again. I am well now, never better." W. M. McDonald, 46 Summer St., Boston, Mass., had been troubled for years with Kidney Complaint. By the use of Ayer's Sarsaparilla, he not only

Prevented

the disease from assuming a fatal form, but was restored to perfect health. John McLellan, cor. Bridge and Third sts., Lowell, Mass., writes: "For several years I suffered from Dyspepsia, Nervous and Heart Complaint, the latter being so severe at times that I could scarcely attend to my work. My appetite was poor, and I was much emaciated; but by using

Ayer's Sarsaparilla

my appetite and digestion improved, and my health has been perfectly restored."

INDIGESTION

To strengthen the stomach, create an appetite, and remove the horrible depression and despondency which result from Indigestion, there is nothing more effective than Ayer's Pills. They contain no castor oil or other purgative drugs, act directly on the digestive and assimilative organs, and restore health and strength to the entire system. T. P. Bonner, Chester, Pa., writes: "I have used Ayer's Pills for the past 30 years, and am satisfied I should not have been alive today, if it had not been for them. They

Cured

me of Dyspepsia when all other remedies failed, and they still cure me now kept me in a healthy condition ever since." L. N. Smith, Utica, N. Y., writes: "I have used Ayer's Pills for Liver troubles and Indigestion, a good many years, and have always found them prompt and efficient in their action." Richard Norris, Lynn, Mass., writes: "After much suffering, I have been cured of Dyspepsia and Liver troubles."

By Using

Ayer's Pills. They have done me more good than any other medicine I have ever taken." John Burdett, Troy, N. Y., writes: "For nearly two years my life was rendered miserable by the horrors of Dyspepsia. Medical treatment afforded me only temporary relief, and I became reduced in flesh, and very much debilitated. In this condition, when I was similarly afflicted, advised me to try Ayer's Pills. I did so, and with the happiest results. My food soon ceased to distress me, my appetite returned, and I became as strong and well as ever."

ACROSS THE BRINY BLUE.

THE LIBERAL-UNIONISTS BECOMING GREATLY ALARMED.

Plenty of Money for Parliamentary Elections—Gladstone and His Plans—King Ludwig's Insanity Denied—Startling Rumors About the King's Death.

LONDON, June 16.—The impression is becoming general in Paris that the expulsion of the princess will open the way for M. Ferry to displace M. De Freycinet. Despite the holiday season, the political managers were busy all day. A Cable News reporter called at the head-quarters of the Liberal party yesterday afternoon, and found Mr. H. R. Brandy, M. P., who was in charge, looking somewhat downcast. To the reporter he said:

"There are increasing proofs that the Tories intend to break forth and oppose the Unionists wherever they think they are strong enough to stand up to us. We are not yet in a position to tell the last. Tory causes are inclined to kick in the traces, and local ambitions, you know, are difficult to suppress. The Tories in the Strand division of Gloucestershire, which I represent, have threatened to bring forward a candidate to oppose me, but I am not afraid of that. It is all settled, and believe they will conclude not do so. Still, I think you will find a great many Tory candidates whose nomination was brought about by local pressure, and who, for that reason, must receive the countenance of the party leaders. The money funds continue to come in abundantly, and there is no fear that we shall not have money enough for all needs."

The opposition, the greater complaint of the baronets of his manifesto in respect of the harboring of his enemies, is not shared by the king, but it is well understood that Mr. Gladstone designedly abstained from going into details, preferring to reserve them for his speeches, which, as at present arranged, will be delivered at Edinburgh on Friday, June 20th, and at Glasgow on Saturday following Wednesday.

Misgivings Over the Suicide.

LONDON, June 16.—A special from Vienna to the Standard says: "It is impossible to conceal the misgivings entertained by the people here, that the late King of Bavaria not sufficiently guarded. Some point strongly to the fact that the king was allowed to sleep in his bed until the time that searchers were sent to find him. They also point to the fact that when the financial straits of the king were most mortified, no hint was given out that he was ill or dead. The Standard's correspondent adds: 'The real truth in connection with the death of the king will never be learned.' Dispatches from Munich and other Bavarian cities, say the extenuation over the king's death is unavoidable."

Revising the King's Insanity.

MUNICH, June 16.—Dr. Schlesinger, who was formerly King Ludwig's physician, denies that the king was eccentric only. The doctor adds that though he disagreed with the official report of the examining board of physicians, he nevertheless believed the king to be sane. He compelled to keep his views to himself. "For," he says, "if I had published a statement in opposition to that of the court doctors, I should have faced the fate of certain other persons and been at least condemned to death." Dr. Schlesinger's opinion is based on my experience as his physician since his birth. My colleague, Dr. Genthagel agrees with me."

Revising the Commerce Treaty.

BERLIN, June 16.—The German government has assented to Switzerland's proposal to revise the present commercial treaty existing between those two countries, and which, it was heretofore believed, would be unavailing.

Revising the Counterfeiting Law.

BERLIN, June 16.—The court has decreed Herr von Hansen, of this city, the celebrated negotiator of Russian loans, with the order of St. Stanislaus of the first class.

SAM JONES.

He Explains His Remarks Which He Made at Columbus, O.

INDIANAPOLIS, Ind., June 16.—The controversy of Sam Jones with Dr. Jeffrey has ended in the evangelist apologizing for the language which caused Dr. Jeffrey to denounce him as a heretic and moral scoundrel.

In this letter Mr. Jones writes:

"I have been sorry a dozen times that the remark I made as to a half dozen cowards ploys should have been taken to mean a great Christian denomination. As God in my might gave only one man to do what I wanted to do, God bless the Baptist church. I love it, for I got the best wife out of it that a man was blessed with. I do not deserve a pebble as I have the devil. What I said was that I did not believe in no man's right to make the church or other Christian church I meant the angels in heaven. It was the only thing in all my ministry that I ever said to reflect on any denomination, and that applied only to those who were trying to do mischief."

OMAHA, Neb., June 16.—An exciting trial and feather affair occurred at Omaha, in West Nebraska, a man named Iken, lawyer and land agent, being the victim. Iken had made himself disliked by a large number of persons by his high and傲慢的 manner and then contesting their claims by means of information thus surreptitiously obtained. A number of his victims took him from his office, stripped him, and applied a coat of tar and feathers to the points of his shoulder blades to assist in decomposing him. He was then marched through the streets to drum-head, which headed the procession. Finally he was ordered to leave the country, and proceeded to do so as soon as he could get the tar and feathers off.

Felt Swept Away.

DOVER, N. H., June 16.—Seven workers in a nail and screw factory at Dover, N. H., were swept away by a large wave, caused by the recent heavy rain, and lost their lives.

Investigation is at present going on in order to determine the position of the Southern Pacific railroad before definitely laying the proposal before the legislative bodies.

King Ludwig's Physician.

CONCORD, Wis., June 16.—Dr. Van Gundershausen, the physician who lost his life with that of King Ludwig of Bavaria, is the father of Mrs. Dr. B. Von Gundershausen of this place, and a brother of Dr. William Von Gundershausen of the Western Reserve. Dr. Van Gundershausen leaves eight children. He contemplated visiting the United States during the coming autumn.

VANCOUVER BURNED.

One Thousand Homeless People Appeal for Aid.

NEW WESTMINSTER, B. C., June 16.—Panic followed from the report the wind rose to 40 o'clock in the afternoon, the wind rose to a gale, and caused the fires which were burning on the Canadian Pacific reserve to spread toward the city. A house in the extreme west end of the city caught fire, and the flames spread rapidly to the adjacent buildings, and the fire soon reached the Victoria Avenue, was in ashes. Harvey's saw mill and the Royal City planing mill, situated on points of land outside the city, were saved.

The firm of J. M. Clegg & Company, less than \$100,000, while the total loss is estimated at \$100,000. One thousand people are homeless. It is impossible to obtain particulars on account of the wires being down. Major Leavenworth, of the Canadian Pacific, arrived yesterday afternoon, and found Mr. H. R. Brandy, M. P., who was in charge, looking somewhat downcast. To the reporter he said:

"There are increasing proofs that the Tories intend to break forth and oppose the Unionists wherever they think they are strong enough to stand up to us. We are not yet in a position to tell the last. Tory causes are inclined to kick in the traces, and local ambitions, you know, are difficult to suppress. A BULLET FOR A POLICEMAN.

Fire Commissioners Van Cott's Nephew Arrested for Felonious Assault.

NEW YORK, June 16.—Felician Edward Armstrong, of the Mercer street station, was shot at 2 o'clock yesterday morning at the corner of Bleeker and Mercer streets, in the upper part of the city, by a man twenty years old.

The city was abuzz, and the panic-stricken population sought refuge in the water. One man was found in a well, where he sought refuge.

The terrible holocaust defies description.

Few people have more than the clothes they are wearing, and the houses are rapidly reduced, mostly of brick.

Contracts for a large hotel and other extensive buildings, representing half a million, were let just before the fire.

SOCIALISTIC PICNIC.

DENOUNCING MOST AND REJOICING AT HIS ABSENCE.

Five Thousand People Enjoy Themselves at Lyon Park Notwithstanding the Rain.

Pamphlets Defining the Difference Between an Anarchist and a Socialist.

NEW YORK, June 16.—Most was not missed by Socialists at their annual picnic held at Lyon Park. Indeed the presence in the penthouse was the cause of much rejoicing, and several speakers who denounced Most as a scoundrel and dangerous anarchist, declared he had carefully introduced him to the mass meeting. There will remember some time back I informed you he had been refused permission to travel through this route, and that he had gone via Silesian and Bohemian. It appears now that he decided to go the long way, while probably he declared that he was not the other. It is quite certain that it will have to be a big obstacle that will stop Mr. Stephens from going ahead. It is supposed that he will try and enter Austria via Switzerland. You should apply to your agent for him. It will be remembered that Minister Winston, in Tereshan, telegraphed to the secretary of state, on the 24th of May, that Stephens was on his way to India by way of Constantinople. This last communication does not harmonize with that official announcement.

LAST FROM THE MAN WHO IS CYCLING THE GLOBE ON A BICYCLE.

NEW YORK, June 16.—The latest word received from Thomas Stephens, the special correspondent of Gutting, on his journey around the world by way of Central Asia, came a cable from Tashkent, dated May 25, announcing the wheelman's arrest. No word has yet been received from Stephens himself, but the following letter from an agent of the British Telegraph company in Tashkent, dated May 17, throws some light upon what may have happened:

"Mr. Thomas Stephens has been stopped by the authorities on the Ferghana frontier, which he had reached via Ghain and Bijnid. The Ferghana frontier had carefully conducted back to the Amur frontier. You will remember some time back I informed you he had been refused permission to travel through this route, and that he had gone via Silesian and Bohemian. It appears now that he decided to go the long way, while probably he declared that he was not the other. CINCINNATI, June 16.—President M. E. Ingalls, of the Big Four, has returned from New York, where he has been on a very important mission, which proved successful. Mr. Ingalls disposed of bonds amounting to \$10,000,000, and received a sum of \$100,000 in interest. The bonds are due during the next ten years, and are issued by the I. C. & L. and C. L. & C., which, up to February, 1889, were distinct roads. At that time the latter bought the I. C. & L. and the company went into joint operation and given its present name, the Cincinnati, Indianapolis & Chicago & St. Louis. What Mr. Ingalls did was to gather in these various bonds and issue general bonds on the entire system, bearing 4 per cent. interest. There now remains \$9,000,000 of bonds bearing 4 per cent. interest, which will be changed to 4 per cent. bonds in the near future, which will make a handsome saving in interest each year.

The Chinese Christmas.

NEW YORK, June 16.—Chinatown was in holiday atmosphere yesterday. Most street was thronged with festival. Many of the streets were closed to the public, the Chinese Christians, the 301st anniversary of the day when Kwan Koon, the Boss Joss of Chinatown, was born. The Joss at No. 392 Chatham Square, was the center of the festival. Two men were killed by a mob of 2000 persons, who were gathered to celebrate the birthday of the body of the master. Many of the celebrants became violent, civilians, during the day by inebriating too freely of the Szechuan wine whiskies, but, save a few alterations, the laundrymen went home at night with their heads "all light."

Agreement of Prices.

MT. PLEASANT, Pa., June 16.—At a conference of the Miners' Amalgamated Association, coke operators of the coke region held at Mt. Pleasant, the wage question was reached, and will date from the first of June. The company stores are to be regulated by priors of town and country stores. The prior rates are as follows: Sixty cents per 100 bushels of coke, and twenty cents for getting cars of 3,000 pounds, \$1.00 for forking cars over 30,000 pounds, day laborers fifteen cents per hour, and drivers \$2 per day per day.

Indicted Policemen.

ST. LOUIS, June 16.—Briton, the carpenter who was alleged to have conspired with police officers of East St. Louis, was held to answer charges that he had been released on a lack of evidence. The man was arrested on June 12, and has been indicted for assault with intent to kill, for driving upon the crowd at the time of the miners' strike, and for aiding and abetting the strike troubadours in East St. Louis. A striking hand Fagan was also indicted for taking part in that affair.

Death of General Sheep.

KANSAS CITY, June 16.—Gen. Hirai S. Sheep, of Brooklyn, N. Y., died suddenly here yesterday. His son, a carpenter, was at his bedside when he died, and he was buried in the cemetery of the First Presbyterian Church.

Logansport, Ind., June 16.—Three weeks ago a Pan-Handle passenger train was wrecked at Windfall. Three men,魏, Justice and Berry, living there were arrested, and were given a preliminary hearing, and then contested their claims by means of information thus surreptitiously obtained. A number of his victims took him from his office, stripped him, and applied a coat of tar and feathers to the points of his shoulder blades to assist in decomposing him. THE EVENING BULLETIN

WEDNESDAY, JUNE 16, 1886.

It is estimated at Louisville that fully 80 per cent. of the burley crop of tobacco has been set. With a fine crop this year, more grumbling at prices will be heard than ever before.

CARTER County has voted prohibition by 600 majority, and Logan County by a majority of 522. The Commonwealth of Covington says the rejection of the high license bill by the last Legislature has given prohibition a boom.

It looks like the fight for judicial honors in this Superior Court district is going to prove interesting for the "boys." It has already assumed a triangular shape, Winfield Buckler, of Bourbon, having entered the contest. With three good men like Buckler, Nesbitt and Ward, the Democrats will have a good list to choose from.

This editor of the Enterprise seems to think that we ought to explain why the Citizens' Gas Light Company isn't assessed for taxation. Our most potent reason for not doing so is, that we generally attend to our business, and generally have our hands full in doing so. If the City Assessors had failed to attend to his duties, he's the one to answer for it. We have an abiding faith in the ability of our city authorities to manage the municipal affairs, and are entirely willing to leave the matter with them. For any injustice perpetrated, they know they will have to answer.

Congressional Convention.

The Democratic Executive Committee of this, the Ninth, Congressional District met at Vancouer yesterday. The business before the meeting was to fix the time and place of holding a convention to nominate a candidate for Congress. A number of places were suggested, but August finally plucked the prize. It was decided to hold the convention on the 5th of next September. The selection of Augusta is considered a victory for Judge Wall.

References.

The burden of our contemporary's remarks in regard to the Citizens' Gas Light Company has been directed against W. B. McDonough, the President of the institution. We don't suppose Mr. McDonough has given himself great deal of worry over the matter. If he has, we haven't heard of it. To parties who are fully informed on the subject, the articles in the Enterprise will have no weight. But others may listen to them, and conclude that the gentleman's a perfect fraud or trickster. If there are any who entertain such opinions, they're referred to the gas companies at the following places:

Kentucky Politics.

Congressman Wolford is spoken of as a probable candidate for Lieutenant Governor. A suggestion of Buckner and Wolford is now in order.

While the Covington Commonwealth is making an infantile effort to defeat Mr. Carlisle for Congress, many of the leading papers of the country are indorsing him for the presidential nomination—Louisville Commercial.

Captain H. C. Martin, candidate for Congress in the Eleventh district, is forty years old, and is said to be one of the foremost lawyers in that part of the State, as well as one of the most eloquent speakers. He was a Federal soldier.

The municipal election at Mt. Sterling last Saturday was a lively struggle all around, and was too close to be comfortable. The Democratics were victorious, electing the City Judge by 17, Mayor by 4, and Marshal by 28 majority.

The agony in the Eleventh district is to be prolonged until July 21, when a convention will meet at Somerset to nominate a successor to Congressman Frank Wolford. There are already a dozen candidates in the field and the number will likely double in the month and a half intervening before the convention.—Interior Journal.

There are three Democratic candidates for Judge in the Louisville Superior Court District: Hon. M. J. Saufley, of Lincoln County; Joseph Barbour, of Henry, and Walter C. Whitaker, of Jefferson. The convention will be held at Lebanon tomorrow, and Saufley's friends claim his nomination "with confidence." It requires 119 votes to nominate, and he has 118 instructed. Barbour's supporters, however, think the convention will select their man. Both will make good Judges.

WASHINGTON MATTERS.

OLEOMARGARINE AGAIN INTERESTING THE SENATE COMMITTEE.

Presidential Nominations—The Blair Pennington Bill reported to the House—Classifying Appropriations—Yellow Fever Quarantine—National Notes.

WASHINGTON, June 14.—The senate committee on agriculture to-day granted a hearing to opponents of the oleomargarine bill. A large number of opponents, as well as advocates of the bill, were in attendance. Professor Morton, professor of Stevens Institute of technology, and Professor Chandler, formerly president of the New York board of health, testified to being chemical experts and interested in making oleomargarine and to have developed much study on the subject of oleomargarine, and concluded that it is perfectly wholesome substitute for butter, made by equally cleanly processes, from equally wholesome material. The hearing will be continued to-morrow.

Architectural.

WASHINGTON, June 15.—The president has sent to the Senate the following nominations: Postmasters—George L. Sheep, Natick, Mass.; George S. Prentiss, Merrimac, Mass.; Edward K. Hall, Ipswich, Mass.; Charles West, Greenfield, Mass.; John C. Canisteo, N.Y.; Hermon Baumer, Johnstown, Pa.; Thomas Brady, Bergen Point, Ill.; Julius D. Young, Wrights Grove, Ill.; Henry Cleland, Springfield, Ill.; David W. Powers, Worcester, Mass.; John C. Goss, Central City, Neb.; H. H. Dolan, Brownsville, Neb.; Carr, Neillsville, Wis.; Wilson D. Lyon, Elkhorn, Wis.; Consider A. Stacy, Toledo, Mich.; Andrew W. Phlegar, Bodie, Cal., and B. T. Mahan, Ansonia, Conn.

Pension Bill.

WASHINGTON, June 1.—The Blair "universal" pension bill was reported to the house from the committee on invalid pensions. As amended it fixes pensions at \$24 a month, instead of growing from \$4 to \$24 a month, and limits the amount of each pension case to \$5, and authorizes the commissioner of pensions to fix the rate in all other cases.

The house committee on foreign affairs today argued to no conclusion in the senate, the committee to the contrary, on the appropriation bill, making the general order of classification and appropriating \$50,000 to enable the president to make unforeseen emergencies in the service.

The President's Summer Vacation.

READING, Pa., June 16.—Col. Daniel S. Leonard, private secretary to President Cleveland, has written to the relatives of the South Mountain Summit House a letter to his mother near Worcester, this county, in reference to engaging rooms for the president and his bride for a few days. Col. Lamont state in his letter to Mrs. Leonard that the contemplated visit of the president has caused some sensation among local Democratic politicians.

To Investigate the School System.

WASHINGTON, June 15.—Matthew Arnold has left Washington. "For some time to come," Mr. Arnold said previous to leaving, "I will be engaged in completing and supplementing the investigation of a work which I have undertaken at the instance of the British government, in investigating the school system in view upon the continent, with especial reference to the question of the desirability of free schools."

Quarantine Against Yellow Fever.

WASHINGTON, June 15.—The Marine hospital service, in view of the recent Bremen water quarantine reports to the suspending surgeon general the arrival of the British ship Vancouver, fifty-three days from Rio de Janeiro. The captain and mate died of yellow fever in the passage. There is now no sickness on board, but the vessel is placed in strict quarantine while undergoing the necessary disinfection.

FROM BRIDE TO BRIDE.

Mrs. Grover Cleveland Writes to Mrs. Clark Chamberlain.

CLEVELAND, June 16.—Stella Clark Chamberlain, whose marriage to W. C. Chamberlain caused a stir in society, was a school friend of Mrs. Grover Cleveland. After the president and his bride returned to Washington, Mrs. Chamberlain received the following letter from Mrs. Clark:

"EXECUTIVE MANSON."

"DEAR FRIENDS.—On my return from Deer Park they told me that there was a box of letters from you from Franklin, and showed me your flood of school day memories and there are to me no brighter or happier remembrances than the recollection of our school days. Dear Stella, you remember Anna Johnson. She was in the class with you. I just received the beau and gratulation from Anna. Nothing that has transpired in connection with my marriage so touched me. I suppose you are going to Wells' College commencement, this month? I wish I might. Yours, as of old."

"FRANK."

Jumped From a Train.

HARTFORD, O., June 16.—William Reitzel, fourteen years of age, boarded train No. 8, on the Cincinnati, Hamilton & Dayton railroad, at Brighton, to visit his brother-in-law, Charles E. Smith, who was being operated on at the time. The boy concluded to jump while the train was in motion, and in doing so narrowly escaped losing his life, laying unconscious for some moments. He went to his brother-in-law, who was unable to give any detailed account of him. He was badly bruised and scarred, but the company dispatched a physician as soon as they were notified, and the case is pronounced as not serious.

North American Turnaround.

BOSTON, June 17.—The second regular session of the four days' financial session of the North American Turnaround opened at 10 a.m. in Turn Hall. After four ballots Chicago was decided upon as the place for holding the next meeting, it receiving 274 against 119 for Pittsburgh, and 24 for San Francisco.

Ex-President Arthur's Condition.

NEW YORK, June 16.—Ex-President Arthur's condition is said to be improving, and he expects to leave the city for the seashore within a few days.

THE TONE MASTER.

Wonderful music there was one day, Chopin to listen. Listen to play. Said Chopin to Liszt, "Pain would I learn if that ear may, through music, the colors of life." Then Liszt struck clear from the highest keys the song of bright skies—the summer breeze; And Chopin cri'd out with keen delight, "I see soft azure and glistening white."

Then Liszt smote gently the deep bass chords Of doubt and despair that rend and rock The soul in dark hours. "Away with the black,

Awful vision!" cried Chopin. It passed; And away from the base Liszt's fingers flew Then a witching, palpitant, brilliant strain thrille again;

And Chopin cried quick, as the melody sped, "Mine eyes rest on roses and cheeks that are red."

And so by his won-rous, exquisite art Liszt touched, through both sense, the one human heart.

And showed as a rose might, transformed to a bird,

That sound can be seen and hues can be heard.

DRIVING MEN FROM EMPLOYMENT.

Statements of a Young Lady in San Francisco—Secrets of Cheap Living.

According to the statements of a young woman in San Francisco, she and six other waiters are fast drivers from the employees whom they have been engaged in since the Pacific coast was first settled. She declares that women have already superseded men as stenographers, typewriters, telephone operators, copyists, and typewriters. This is now beginning to obtain places in banks and commercial business houses. Educated girls are filling most of the easy positions that were recently occupied by men. Girls are driving men from light occupations. They make clothes, shoes, and cigars, and in many cases sell them. The transaction of several kinds of business has passed almost entirely into their hands. In fact, she claims it is only a question of time when the girls of the Golden state will monopolize every employment they think it desirable to engage in.

Being asked by a foreign gentleman how they had been able to accomplish all these things, she proudly replied, "By using the Chinese method, and bearing it as their own game." She then went on to give the particulars of their mode of procedure in every occupation that they had monopolized. They quickly prepared themselves for it, often meeting at a house where they were staying for sport. A smart girl would induce a clerk who was paying her some attention to give her an insight into the mysteries of bookkeeping, telegraphing, or the use of the typewriter. She then obtained a job, and began to practice. If she met with difficulties, she knew where to apply for assistance.

As soon as she became proficient, she applied for a situation, often offering her services gratis. She would offer her services in exchange for a room, and bear her expenses in a factory manner. They obtained places and kept them because they worked much cheaper than men did or could. Many of them were in a position to buy their own smaller places.

Most of them lived in houses, so their board cost them nothing. Their washing was done in the family laundry. They spent no money on billiards, cigars, wine, or stronger kinds of drinks. They belonged to no secret societies, social clubs, or military organizations. They were members of the Knights of Pythias, and were present at every election. The consequence was that the girls were getting rich of small salaries, while the men remained poor even if they obtained large sums. Employers were as fond of cheap labor as cheap goods. The time had come when business engaged in certain kinds of business and employing men could not compete with those that employed girls.—Chicago Times.

Village in Danger from Floods.

NASHVILLE, June 16.—A village in the western part of the state, but the wires being prostrated, it is impossible to get information from west of Lake Charles near the Texas line. At 6 o'clock it was learned that a violent wind with rain had been prevailing there. Trees were uprooted and destroyed. Much damage was done to houses. Great apprehension is felt at Lake Charles for the safety of Leesburg, south of there, and immediately to the east. The water is rising rapidly, and is expected to overflow the village, which is surrounded by a salt marsh, and destroy the people who would not be able to escape except in boats. The lines from here to Leesburg are down and no repair communication is attainable. An extremely heavy rainfall is experienced this evening and there has been no wind.

Stopped Conveying Chinamen.

CITY OF MEXICO, June 16.—Cyrus Baker, a member of the Canadian parliament and owner of the steamer Hardwyke, has left this city for Victoria, B. C., after ordering the cessation of his vessel carrying Chinamen to California. The vessel was bound for San Francisco and Vancouver's Island. It is understood that the Mexican Pacific Navigation company and Mr. Baker could not arrange for a continuance of the trip.

Suspension of a Bank.

AUSTIN, Minn., June 16.—The Mower County bank of the city has closed its doors. The suspended amount is \$100,000, and it is believed that the liabilities will reach \$100,000. It is said that the deposits are about \$55,000, and the assets over \$80,000. It is not known exactly what will be done with the bank, or if it makes an assignment. The bank is said to owe about \$30,000 to eastern persons.

Big Land Sale.

EAST STADINAW, Mich., June 16.—R. J. Murphy, of Detroit, has sold a tract of 1,000 acres of land to the Sibley and Bearinger Co., of this town. The tract is bounded on the north by the Peshtigo river, Wisconsin. There is estimated to be \$60,000,000 of timber on the land. The consideration is \$72,000. This tract was purchased by Sibley and Bearinger three years ago for \$20,000.

Land Acquired.

AKRON, O., June 16.—Sheldon Brown, proprietor of a meat market here, and a well known Odd Fellow, was stricken by the Pitsburgh & Western rail express just as he stepped off the N. Y. P. & O. track to walk across the tracks. He was thrown to the ground on the opposite direction. He was born out of the head and body, and lies in a critical condition.

Ex-President Arthur's Condition.

Tax Citizens' Gas Light Company is engaged in connecting its mains with the city lamps, having received orders from the gas committee Tuesday to begin the work. The connections are being made at the rate of about fifteen posts a day. The company will be ready to enter upon the fulfillment of its contract at the time specified in its contract.

About 5 o'clock this morning the neighborhood of Third and Sutton streets was aroused by the unearthly screams of some woman. Her cries indicated she was in dire distress, and the people who hurried to the scene, found by the woman that some one had attacked her and attempted to cut her throat. It was learned later on that she is the wife of John Lane, colored, who lives in the Fifth Ward. The couple had some trouble last night, and Mrs. Lane started out to hunt one of the officers to have her husband arrested. He followed her and the two fought several times on their way down town. On Sutton street the quarrel was renewed, and Mrs. Lane says she was knocked down by her husband who then attempted to cut her throat, but was prevented by the timely arrival of the neighbors. The matter will likely be investigated in the Mayor's Court.

Die Deutsche Gesellschaft.

The open session of the Deutsche Literarische Gesellschaft at the Baptist Church last evening was a most gratifying success. The church was crowded with a brilliant assemblage of our leading citizens. The exercises were of a literary and musical character. The literary part of the entertainment was rendered by the members of the German Club, and the music, by the pupils of Professor J. H. Kappes. The club was organized some months ago for the study of the German language, and was gotten up by Messrs. Will Wood, Will Honas, and B. A. Wallington, Jr. There has been quite an increase in the membership. Ten or twelve sessions have been held, and the progress made may be considered rather remarkable. From the beginning the members have received valuable assistance from Professor and Mrs. J. H. Kappes. The recitations were all in German, and their rendering was complimented very highly by parties versed in the language. The last scene between Miss Alice Lloyd, as Elizabeth, Queen of England, and Miss Jenny Taylor, as Mary, Queen of Scotland, was enacted in charming style. The musical part of the entertainment was a rare treat.

The parties who participated in it are all pupils of Prof. J. H. Kappes. The stage was tastefully decorated with flowers and greens. The following is the program: Remarks and statistical report—"Prof. Hall, Address—German and English—Rev. R. C. Music—Overture to the opera "William Tell," by Rossini—Piano Duo—

"Burgoes."

The Odd-fellows' picnic to be held at Winchester, Ky., on the 30th of this month promises to be a grand affair. It is thought that over six thousand visitors will be in attendance. A special train will be run from Covington and Lexington, and the members of the order here are making arrangements with the Kentucky Central authorities to charter a special to take the brethren from this city. The same party who prepared the "burgoes" for the picnic at Lexington a year ago will be on hand at Winchester to feed the multitude. This statement is sufficient to insure a large crowd from here, and a glorious time.

Facts and Figures.

The 192nd grand monthly distribution of the world-famed Louisiana State lottery took place at noon on Tuesday, May 11th, 1886, in the city of New Orleans, under the sole management of Gen'l G. T. Buregard, of La., and Jubal A. Early, of Va., when \$265,500 was scattered all over the world. Ticket No. 76,244 drew the first capital prize, which was sold in fractions of one-fifth at \$1 each; one-fifth was held by W. Hunt, Vinton, Ala., collected through Adams Express Co., another fifth collected through Wells, Fargo & Co.'s Bank of San Francisco, Cal.; another to Harry Johnston, collected through Chauncey J. Stedwell, Esq., Train Master C. C. C. & I. Railway, Cleveland, O.; another to Jno. Olson, No. 79 East 4th street, New York City, collected through Adams Express Co., another to C. H. Crops in Michigan.

(Louville Times)

The Michigan crop report for June states that the average yield of wheat in the state for four tons of com is 84 cents, indicating a yield of 14 bushels per acre, and in the northern counties 92 per cent, indicating a yield of 13.45 bushels per acre. Damage by Hessian fly is reported by sixty-five companies. The flies are generally reckoned as thin on the ground. The total number of bushels marketed in the ten months beginning with August, is placed at 18,520,434, or about 44 per cent. of the crop of 1885. The average yield of corn is 12 per cent. of the crop in the northern division, and 2 per cent. in the southern division. The area of corn is 2 per cent. less; of oats 2 per cent. greater, and of barley 5 per cent. less than in 1885. In condition oats and barley are each 37 per cent.

We regret that we haven't been able to attend the closing exercises of the city schools which have been in progress at the opera house this week. It is safe to say that no session has been more prosperous and successful, and given more satisfaction than the one just closing.

The schools have been in charge of a faithful and efficient corps of teachers, and the progress exhibited by the pupils must be gratifying to all concerned. The hearts of the pupils have been gladdened by the floral tributes bestowed upon them this week. The closing exercises of the high school will be conducted tomorrow, and of the colored school Friday. Those of professors Wilson, Smith, and Williams have already taken place.

OUR NEIGHBORS.

JOHNSON JUNCTION.

"Val Verde," and its grandly beautiful surroundings show forth at Thursday evening a scene of almost military brilliancy with flags flying from masts, iron-gray bows, music, soft and delicious, floated through the air, and the hum of many voices was heard, while the joyous laughter of the assembled, strained. Mr. and Mrs. Hildreth, for the time being, had just moved from the Green, White, and Blue, and were soon joined by Mr. and Mrs. Hallie, just in from Millersburg Female College, and their friends, and entertained their guests in a manner surpassing by royalty itself. The supper table was a masterpiece of beauty and comfort for the inner man. The music was of the choicer strain, and among its members, Miss Ruth Given and Anna, and others, who sang with great intervals with recitations which were both amusing and charming, showing themselves to be a credit to the school.

At a late hour the throng dispersed, while the universal verdict was, "the most delightful time ever had."

OCEAN REGATTA.

Won By the *Priscilla* After a Very Close Race.

New York, June 16.—The special class race of the Atlantic club regatta, in which the contestants are the Puritan, Priscilla and Atlantic, was started exactly at 10:45 a.m. The Atlantic, the anchorite of the three, had the lead all the time except for a short while.

The course on which the yacht will sail is the Atlantic Yacht club anchorage down through the narrows to and around the state port near Bayou No. 8, off the northern point of Sandy Hook, passing to the west of the same; thence to the head of the South Pass, then to the head of the Hudson, thence to and around the Sandy Hook lightship, keeping it on the port, and back to Bayou No. 15, distance thirty miles.

The start was good, and in three races crossed the finish line in close order, the Puritan slightly leading. The weather was cloudy and hazy, with a light southeast wind. At 11:08 the Puritan was leading as the yachts were beating down through the masts.

HIGH LANDS, N. J.—June 15.—10:40 p. m.—The wind off the light ship is very light, and the Atlantic is winning on the Puritan. At the light-ship the Priscilla was apparently leading, followed by the Atlantic, but being passed by the Puritan.

SANDY HOOK, June 15.—4:07 p. m.—Priscilla still leads by three-quarters of a mile.

BAY RIDGE, June 15.—4:35 p. m.—Priscilla has passed the line ahead of the Puritan and Atlantic.

Woman and Child Killed by Cars.

ALLIANCE, O., June 16.—Mrs. Noah Morris, widow of Peleg, while attempting to catch a child named White Collie from the front of a passenger train, at Colfax, this county, was herself caught by the train and together with the child was instantly killed.
